

TOGETHER WE CAN CONSERVE TEXAS

WHO WE ARE

The Texas Agricultural Land Trust conserves the heritage of agricultural lands, natural resources, and wildlife habitats across the state of Texas. We approach this mission through voluntary private partnerships with landowners who share our vision. Together, we keep landscapes intact, implement outcome-driven conservation practices, support strong agriculture-focused economies and reconnect Texans to the open spaces that provide food, fiber, water, recreation, and homes for both wildlife and people alike.
